

Before and After School Program SCHOOL AGE

Learning Springs proudly announces the opening of a brand new licensed school age before and after school age program.

We offer before and after school extended day programs and care at LSA for kindergarten and students in grades K-4 at other sites.

The program will be offered during the times children are not in school and their parents are in need of a safe, healthy, caring, and enriching environment for their children (Including before and after school hours, teacher workdays, summer months)

Transportation will be offered to and from public school settings with the program running from 7 am to 6 pm.

For more information please call 408 216-8867 or email us at info@learningspringsacademy.com
